

## Lincoln Military Housing & Barona Race Track Salute the Military

**Come see the fastest and coolest cars in San Diego!**

Lincoln Military Housing is inviting about one hundred cars to race in four classes, with a total of \$5,000.00 in prize money to be awarded. We are going to make this an arm drop event. We will be hand-picking the cars over the next few weeks; nothing slower than 7.50 please. Each car owner will receive a free food voucher and two guest vouchers for food and drinks.

All this will cost you is the normal fee to get into the track. We are also going to have race simulators, A car show, the band "The Rumlbers", and much more.

Not sure what your political beliefs are, but these men and women are true heroes. Their families sacrifice a lot, so all of our families can live free and safe! Your participation in this event will be your opportunity to say "thank you" and give them a day of gear-head entertainment.

If you are interested in participating or would like more information please contact:
